

Twiggy Issues

Often going hand in hand with gray areas are irrelevant subjects - twiggy issues. The revealed truth of the Scriptures is like the stout trunk of an oak tree. It contains all truth required for our Yahshua like calling. It is not however, the sum total of all knowledge. If Elohim gave all details of all knowledge to us, the Scriptures would be millions if not billions of pages long. What we have is what Elohim knows we need that we might be "thoroughly furnished unto all good works "(2 Tim 3:17). The further we stray from that trunk of truth, the more we get into the flimsy, spindly subjects. As anyone who has climbed a tree knows, the farther out on the branches you get away from the trunk, the greater the risk of a fall. What makes these limbs away from the trunk so dangerous?

Intellectualism can lead you to become too involved in the complexities and details so that you can't perceive the situation as a whole. Better to comprehend, deeply, the simplicity that is in Yahshua than to waste time delving into the finer points of questionable issues that yield little profit in spiritual growth and maturity. Better to stick to the trunk of the doctrinal tree, becoming deeply rooted in that simplicity of Yahshua rather than be swayed from the truth in questionable issues of little profit.

It is through this spiritual tree trunk that we are fed and nourished. It is here that we gain the spiritual understanding required to receive high spiritual offices, positions in the world tomorrow.

Dwelling on the simplicity of Yahshua rather than being lead down a branch that will risk falling.

Blessings to all I love each and everyone of you in the Father I trust.
